HOPKINS WANTS THE ROAD.

That Town is After the State Line Road and Will Come Here Next Week to Present Their Claims.

E. C. Wolfers, Sr., of Hopkins was in Maryville Thursday morning and in talking to a representative of this paper, said that Hopkins is after the stae line road and would present their claims to the county highway commission next week. Mr. Wolfers said that the state line road by the way of Hopkins was the best, as the distance is the shortest and the road is in fine shape. Another reason to be urged for the highway by the way of Pickering and Hopkins is the good roads in Union township, as that township is the only one in the county that carried a bond issue for good road work. Union is to spend $30,000 on her roads. It is said that Union should be recognized with one of the highways on account of being the pioneer in the movement of bonding the township for road purposes.

According to a member of the Vorth county highway commission, John Ruh of Sheridan, who was in the city Wednesday afternoon, this county is entitled to two state line highways. The matter will be investigated and the opinion of the attorney-general asked for. The commission here would like to locate two state line roads, as Clearmont, Braddyville and Clarinda are making an effort to secure the state line road and Pickering Hopkins and Bedford are after the same road.

The Hopkins Journal this week says:

"By a state law recently passed, roads from county seat to county seat are given $15 a mile to be used in having the highways properly dragged, and Hopkins wants one of the roads to run from Maryville to Bedford via this city.

"We have a road already marked, and it is the best route from Maryville to the state line.

"A delegation from Bedford, Conway and Hopkins will go to Maryville next week and present their claims to the county highway commission.

"There is little doubt but what the commissioners will readily see that the proposed route through Hopkins to Bedford is the logical one, and we feel sure they will decide on it as one of the roads out of Maryville. With $15 a mile for dragging the road between Bedford and Maryville can be kept like a turnpike, it already being in good shape, the free use of the drag being all that is now needed.

DECORATION DAY PROGRAM.

Appropriate Services Will Mark Maryville's Celebration of the Day.

Civil war veterans of Maryville will observe Memorial day Friday with appropriate services and have arranged an interesting program for the day, marked by patriotic music and addresses. The members of Sedgwick Post here have had committees at work for some time to make the day live in the memory of the younger folk and properly consecrate the memory of the departed comrades.

The graves of the veterans in the cemeteries here will be decorated in the morning. In the afternoon, a declamatory contest will be given at the First M. E. church and four of the Sunday schools will have representatives in the contest. After the contest, the exercises will be in the court house yard and the addresses will be given by Rev. S. D. Harkness and Rev. Gilbert S. Cox. The presentation of prizes to the winners in the declamatory contest will be made by Prof. G. H. Colbert of the Normal. Band music will be furnished throughout the afternoon by the Maryville band.

All of the banks and many of the business houses will close on Friday. The banks will close during the entire day, and the business houses during the exercises in the afternoon.

To Decoration Day Service.

A. O. Mason and Miss Mabel Mason drove to Grant City Wednesday in the Mason car, where they will remain for the decoration day services.

ALIENS IN STATE

9,852 ENTERED MISSOURI DURING THE PAST YEAR.

LIST OF OCCUPATIONS

Shows Many Have Skilled Trades—Commissioner of Labor Issues Statistics on Foreigners.

With a view of establishing what class of immigrants are flocking into Missouri and how desirable they are, the bureau of labor and statistics has collected information on the subject, covering a period of seven years, dating from the commencement of 1906 to the close of the fiscal year of 1912.

Commissioner John T. Fitzpatrick today made public some advance statistics on this influx which affords an interesting study for those who are interested, not alone in sociology and economics, but also in the future development of the state. Facts and figures are given on the yellow and brown "peril" as far as it pertains to Missouri.

The bulletin of Commissioner Fitzpatrick states that in the seven years from the close of the year 1905 to and including most of 1912, a total of 93,099 immigrants entered the seaports ofthe United States with Missouri as their intended destination. These figures do not include the aliens who come into the country with some other state as their settling point, changed their minds in a few days, weeks, or months and flocked to the "Show Me State" or emigrants from other states, numbering thousands, of which army, there is no numerical or official record.

Divided by years the alien influx of which there is a record is as follows: 1906, 17,550; 1907, 19,320; 1908, 12,107; 1909, 9,495; 1910, 12,746; 1911, 12,029; 1912, 9,882, men women and children, with the Iberic and Salvopic races outnumbering the Tuetonic and Celtic.

While a goodly portion of the 1912 immigrants settled in St. Louis and Kansas City, St. Joseph, Springfield, Joplin, Jefferson City, Carthage, Sedalia, other cities and towns drew some.

It is the occupations of the 9,852 immigrants of 1912 with Missouri as their destination which throws the most light on how useful they will prove toward developing this state. Farmers numbered 79 and farm hands 1,892. Laborers led all vocations with 2,005 arrivals. The trades, a feature organized labor is deeply interested in, were represented by 1,186.

Tailors led the skilled workers with 203 and carpenters and joiners came second with 107.

DECORATION DAY AT HOPKINS.

It Will Be Fittingly Observed at That Town—Rev. Dueker to Give the Address.

Decoration Day will be fittingly observed in Hopkins on Friday. The old soldiers and citizens will meet at 9:30 a. m. and will march to the cemetery, where the ritualistic ceremonies of the G. A. R. will be observed and the graves decorated by comrades in a body. In the afternoon, the exercises will take place at the M. E. church and Rev. H. J. Dueker, pastor of the M. E. church of Pickering will give the address. Lincoln's address at Gettysburg will be given by Miss Bertha Cross and a recitation, "News of the Day," by Miss Goldie Ulumer.

SAW LONDON MOB

MISS AMY SHAFF WITNESSED A SUFFRAGETTE DEMONSTRATION.

DRIVEN LIKE CATTLE

Paris Fashions Do Not Attract the Young Missouri School Ma'am—We Have Better Taste.

Miss Amy Shaff, a former Maryville girl, who is a member of the faculty of the public schools at Hannibal, Mo., sailed Wednesday from Liverpool for America, after a six months' European tour with a party of Hannibal friends. She is a nice of G. B. and O. L. Holmes of this city. Miss Shaff is hastening home to take up work as a teacher in the summer school of the State Normal at Warrensburg. In her last letter to her aunt, Mrs. W. A. Burris of near Graham, she says:

Morley's Hotel, Trafalgar Square, London, Eng., May 5, 1913.

Dear Aunt Anna: Am in love with London. There are so many places of interest here it would take a lifetime to see them all. Our hotel is just a few blocks from Westminster Abbey and the Houses of Parliment. We have been through both, visited London Tower and walked over the bridge. I hope we will be able to go to Stratford-on-Avon, as a Shakespeare festival is in progress there. From here we go to Scotland and Ireland, then home.

* * *

I must not neglect to tell you that we witnessed a suffragette mob yesterday. The suffragettes were trying to speak in the square in front of our hotel and the police ordered them away. They would not go, so they made them go. Mounted police rode into the crowd and drove them out just like so many cattle. Several arrests were made. The crowd was estimated at about 40,000. I know I never saw anything equal to it in my life. Feeling runs high here over the suffragette movement.

* * *

Another interesting sight was seeing the the king and queen review the troops. This is court week, Wednesday night being the time for presentations.

We spent three weeks in Paris. I was greatly disappointed in the city, because it is pretty only in spots. One thing I did enjoy there was the Louvre. I saw every picture there, I believe.

* * *

As for Paris fashions! It disgusts me to think our women will come over here for their styles. If they would take a few French ideas and combine them with our good taste all would be well. But instead, they pattern the extreme styles worn by the class of women our French sisters scorn, and we do too, for that matter. I did not see a refined French woman overdressed.

To Join Show Company.

Mr. and Mrs. Geo. W. Austin of Hopkins left last Sunday night for some point in Michigan to join the Stowe Uncle Tom's Cabin show, a company that Mr. Austin was formerly interested in, having sold his interest a couple of years ago when he decided to quit the road, but try as he would, he could not shake off the fascination of the show business, and decided the only remedy was to again identify himself with it. He will now lead the band and do the advertising stunt for the company.—Hopkins Journal

Met With Mrs. Wilderman.

The Women's Missionary society of the Buchanan Street Methodist church met Tuesday afternoon at the home of Mrs. T. L. Wilderman, when an excellent program was presented. There was a large attendance and everyone enjoyed every part of the afternoon. The devotion service was led by Miss Eva Ashford. The regular business of the society was then transacted and a literary program given under the leadership of Mrs. J. J. Pyle. The subject was "Koreans and Japan." A paper on that subject was given by Mrs. Wilderman. The reading of the missionary bulletin with notes on the missionary counsel was given by Mrs. N. F. Humber. The missionaries accepted at Birmingham were announced by Mrs. Del Thompson. A piano solo was given by Mrs. Wilderman. "Missions at Home" was the subject of a paper by Mrs. E. J. Thornton. An interesting report was given by the society's president, Mrs. E. B. Sheldon, concerning the meeting of the Missouri missionary conference, which was held at Richmond, Mo., last week. The society sent Mrs. Sheldon to the conference as a delegate and she was honored by being chosen third vice-president of the state missionary conference. The conference closed one of the most successful years in its history. Next year's meeting will be held at Albany. After the program, a social hour was enjoyed during which the hostess served refreshments and was assisted by her mother, Mrs. J. N. Bryan.

Thomas and Charles Groves and G. F. DeBord of Maitland were among the Maryville business visitors Wednesday.

The Champion Improved Binder.

The Champion Improved Binder is the product of more than 60 years of agricultural and mechanical experience. It combines all those features of efficiency, simplicity, strength and durability so desirable in a harvesting machine. Thousands of progressive farmers will use none but a Champion.

Champion Improved Wide Cut Binder

The Champion Improved wide cut binder is similar in most respects to the regular Champion Improved binder, except that it cuts an 8-foot swath instead of a 5, 6, or 7-foot swath. This makes the wide cut binder especially desirable where a large acerage of grain is to be harvested. It requires no more help to operate this binder than it does a smaller one, and consequently its use will effect a considerable saving of time and labor.

The Champion tongue truck is a part of the regular equipment of this binder. This truck relieves the horses of side draft and adds to the convenience with which the driver can handle the binder.

The elevator on this binder is operated faster than that on a binder of ordinary size, and therefore it will easily handle the large quantities of grain cut.

Don't Fail to See the Auto Tongue Truck

When the tongue truck is used, side draft is eliminated. This is especially true in the case of the wide cut binder. The Champion tongue truck is so made that the wheels turn at a greater angle than the tongue. This permits the binder to be swung in when corners are turned and the platform kept square to the grain so that a full swath can be cut from the start. The tongue truck is part of the regular equipment of the eight-foot binder, but is furnished with the smaller binders on special order at a slight additional cost.

The Transport Trucks

The transport trucks for the Champion consist of two steel wheels provided with stub axles. The stub axles fit into brackets on the main frame which hold them securely in place. The fact that stub axles are used makes it an easy matter for one man to mount the binder on the transport trucks.

Champion Improved Vertical Lift Mower

The Champion Improved vertical lift mower has all the valuable features found in the regular lift Champion mower and the additional advantage of the vertical lift feature. The driver without stopping the team or leaving his seat, can raise the cutter bar of this mower to a perfectly vertical position by means of hand and foot levers. This is a great advantage when the mower is being used in fields where there are trees, stumps, or stones, or where the cutter bar must be repeatedly raised.

Champion Improved Mower---Regular Lift

The Champion Improved mower is famous because of its capacity to cut any kind of hay under good or bad conditions. Ample power, durability, and light draft insure good service under all kinds of working conditions. Some of the strong features of this machine are—

Simple, smooth-running operating mechanism.
Draft link parallel to the tongue.
Pitman connections which are self-adjusting and correctly lubricated.
Substantial coupling yoke with extra large case-hardened pin
Flexible drag bar connections.
Case-hardened steel liberally used at all points where wear is most severe, insuring a long lived machine.

MUST GIVE UP CENTRAL PACIFIC

Attorney General Decides it Must Be Divorced From Southern.

GOVERNMENT WILL FILE SUIT.

Attorney General Will File Bill Under Sherman Act If Railroad Magnates Fail to Come to Agreement—To Be Made Separate Affair.

Washington, May 29.—Attorney General McReynolds has decided to contend that the Southern Pacific must give up the Central Pacific in the pending dissolution of the Union Pacific merger and will bring a suit under the Sherman law to accomplish that end if the dissolution plans fail to include it.

It became definitely known that the attorney general had finally decided that the Central Pacific must be divorced from the Southern. The disposition of the Central Pacific is understood to be the cause of the hitch in the efforts of the Union Pacific and Southern Pacific to reach an agreement.

The plan which the Union Pacific will shortly present to the attorney general contemplates, it is believed here, only the disposition of $126,000,000 of Southern Pacific stock sold by the Union Pacific and will leave the question of the status of the Central Pacific to separate litigation to be begun by the government. The supreme court ordered the sale of the Union Pacific holdings of Southern Pacific and left open to negotiation or future litigation the disposition of the Central Pacific.

MRS. LARAMORE TELLS TROUBLES

Lady in Goodwater Describes Her Distressing Experience and Tells How She Was Finally Relieved.

Goodwater, Mo.—"Ever since I was a little girl," says Mrs. Riley Laramore, "I was a great sufferer from dyspepsia.

I suffered misery after eating, and had terrible heartburn.

I thought I had to suffer this way as long as I lived, but when I began to take Thedford's Black-Draught, in small doses, every night, the heartburn was all gone in a few days, and I could eat without distress.

I took two small packages in all, and although that was some time ago, the dyspepsia has not returned.

I speak a good word for Thedford's Black-Draught whenever I have the opportunity."

If eating causes distress, we urge you to try Thedford's Black-Draught. It cleanses the system, helps the stomach to digest its food, regulates the bowels, and stimulates the liver.

It acts gently and is without bad after-effects. Try it. Price 25c.

SIGNING OF TREATY IS BELIEVED NEAR

Greece and Servia Will Probably Agree to Draft.

London, May 29.—It generally is believed that the Servian and Greek delegates will sign the draft of the peace treaty under compulsion. The only hopeful development in the quarrel between the allies is an arrangement whereby the Servian and Bulgarian premiers will meet Saturday on the frontier to confer over the situation.

Speaking before the skupshtina, the Servian premier explained that Servia desired a modification of the treaty with Bulgaria regarding the division of territory because the results of the war, combined with the actions of the powers, created a situation not foreseen when the treaty was signed.

An Athens dispatch says that instructions have been sent to the Greek delegates to sign the peace draft without alteration, but embodying a separate protocol respecting the right reserved by Greece to discuss with the powers the points raised.

The Servian council of state is considering the ultimatum as laid down by Sir Edward Grey, the British secretary for foreign affairs, and probably will follow the lead of Greece. Peace may be signed by noon tomorrow.

SAY ROOSEVELT'S HABITS ARE GOOD

Array of Witnesses Testify They Never Saw Him Drunk.

CORRESPONDENTS ON STAND.

Men Associated With Colonel in Private and Public Life Declare Him Temperate—Court Rules Roosevelt's General Reputation Is Issue in Case

Marquette, Mich., May 29.—Men who have been associated with Colonel Roosevelt in public and in private life who met him on the Nile, when he returned from his African hunting trip and newspaper men who accompanied him on his various hunting trips, testified in his libel suit against George H Newett that the former president was not a drunkard, but he was notably and extremely temperate in the use of intoxicants.

It would have been impossible, they say, for Colonel Roosevelt to be under the influence of liquor without the fact becoming known to his associates. It would have been equally impossible for him to have drunk liquor with any regularity without the smell of it appearing on his breath to the friends who testified.

Throughout the hearing of the case in which the former president is suing for $10,000 damages because of the publication last October of an editorial in Iron Ore, a weekly paper published by Newett, charging him with getting drunk, Colonel Roosevelt listened with evident satisfaction to the testimony of former members of his cabinet and newspaper men. His face frequently lit up with a smile when incidents were related on the stand. Colonel Roosevelt gave vent to an audible chuckle when Robert Bacon, former secretary of state, in telling of his acquaintance of the Roosevelt family, said the colonel was the father of five children instead of six.

Causes Laughter in Court Room.

Colonel Roosevelt's sense of humor was awakened at once by this lapse of Mr. Bacon's memory and the hearty chuckle which he vainly tried to smother in his hand caused a ripple of laughter about the court room.

For almost six hours of testimony taking or argument, Colonel Roosevelt retained his seat just back of his counsel. He sat some times tilted back agninst the railing, twitching his watch chain and occasionally casting the glint of his thick eye-glasses toward the balconies crowded with women and sometimes leaning forward to whisper with his attorneys.

The proceedings were marked by an important ruling by Judge Flannigan, which in the introduction of evidence by the defense, will have the effect of excluding certain kinds of hearsay testimony. This ruling came after a prolonged argument, during which the jurors were excluded from the room and after attorneys for Colonel Roosevelt had urged for the exclusion of a certain kind of testimony which might be introduced by the defense through depositions taken from persons in different parts of the country.

The effect of the ruling is that Colonel Roosevelt's general reputation is an issue in the case and testimony upon his reputation may be introduced, and that rumors or reports about his reputation coming from persons not qualified by experience to judge shall not be admitted. In the future progress of the hearing, it was explained in court, a person who traveled extensively with the former president or who has been associated with him with any degree of constancy may testify as to his reputation. But a man who heard the colonel deliver a political speech, or saw him for only a few moments in a crowd may not testify as to his general reputation, but he may tell how the colonel acted at the time.

Answers in Negative.

Almost every phase of Colonel Roosevelt's life was touched upon by witnesses. All of them spoke with emphasis when they expressed personal knowledge in denying, as the editorial charges, that the colonel "gets drunk and that not infrequently, and all his intimate friends know it."

It was asserted that whenever Colonel Roosevelt drank champagne or wine or mint juleps, it was out of courtesy to his host at some public function; that he often took only a mouthful from a wine glass, and that on one occasion he ordered a railroad company not to place in his special car the supply of liquors usually placed in such cars.

The witnesses were Mr. Bacon, Truman H. Newberry, formerly secretary of the navy; John Callan O'Loughlin, a Washington newspaper correspondent; Lucius F. Curtis, a New York newspaper man, and Gilson Gardner, a newspaper man.

Repeatedly and in various phrases the same question was put to each witness: "Have you ever known Mr. Roosevelt to be under the influence of liquor?" or "Have you ever smelt liquor on Mr. Roosevelt's breath?" The answer was invariably in the negative.

HOPKINS WANTS THE ROAD.

That Town is After the State Line Road and Will Come Here Next Week to Present Their Claims.

E. C. Wolfers, Sr., of Hopkins was in Maryville Thursday morning and in talking to a representative of this paper, said that Hopkins is after the stae line road and would present their claims to the county highway commission next week. Mr. Wolfers said that the state line road by the way of Hopkins was the best, as the distance is the shortest and the road is in fine shape. Another reason to be urged for the highway by the way of Pickering and Hopkins is the good roads in Union township, as that township is the only one in the county that carried a bond issue for good road work. Union is to spend $30,000 on her roads. It is said that Union should be recognized with one of the highways on account of being the pioneer in the movement of bonding the township for road purposes.

According to a member of the Yorth county highway commission, John Ruh of Sheridan, who was in the city Wednesday afternoon, this county is entitled to two state line highways. The matter will be investigated and the opinion of the attorney-general asked for. The commission here would like to locate two state line roads, as Clearmont, Braddyville and Clarinda are making an effort to secure the state line road and Pickering Hopkins and Bedford are after the same road.

The Hopkins Journal this week says:

"By a state law recently passed, roads from county seat to county seat are given $15 a mile to be used in having the highways properly dragged, and Hopkins wants one of the roads to run from Maryville to Bedford via this city.

"We have a road already marked, and it is the best route from Maryville to the state line.

"A delegation from Bedford, Conway and Hopkins will go to Maryville next week and present their claims to the county highway commission.

"There is little doubt but what the commissioners will readily see that the proposed route through Hopkins to Bedford is the logical one, and we feel sure they will decide on it as one of the roads out of Maryville. With $15 a mile for dragging the road between Bedford and Maryville can be kept like a turnpike, it already being in good shape, the free use of the drag being all that is now needed.

DECORATION DAY PROGRAM.

Appropriate Services Will Mark Maryville's Celebration of the Day.

Civil war veterans of Maryville will observe Memorial day Friday with appropriate services and have arranged an interesting program for the day, marked by patriotic music and addresses. The members of Sedgwick Post here have had committees at work for some time to make the day live in the memory of the younger folk and properly consecrate the memory of the departed comrades.

The graves of the veterans in the cemeteries here will be decorated in the morning. In the afternoon, a declamatory contest will be given at the First M. E. church and four of the Sunday schools will have representatives in the contest. After the contest, the exercises will be in the court house yard and the addresses will be given by Rev. S. D. Harkness and Rev. Gilbert S. Cox. The presentation of prizes to the winners in the declamatory contest will be made by Prof. G. H. Colbert of the Normal. Band music will be furnished throughout the afternoon by the Maryville band.

All of the banks and many of the business houses will close on Friday. The banks will close during the entire day, and the business houses during the exercises in the afternoon.

To Decoration Day Service.

A. O. Mason and Miss Mabel Mason drove to Grant City Wednesday in the Mason car, where they will remain for the decoration day services.

ALIENS IN STATE

9,852 ENTERED MISSOURI DURING THE PAST YEAR.

LIST OF OCCUPATIONS

Shows Many Have Skilled Trades—Commissioner of Labor Issues Statistics on Foreigners.

With a view of establishing what class of immigrants are flocking into Missouri and how desirable they are, the bureau of labor and statistics has collected information on the subject, covering a period of seven years, dating from the commencement of 1906 to the close of the fiscal year of 1912.

Commissioner John T. Fitzpatrick today made public some advance statistics on this influx which affords an interesting study for those who are interested, not alone in sociology and economics, but also in the future development of the state. Facts and figures are given on the yellow and brown "peril" as far as it pertains to Missouri.

The bulletin of Commissioner Fitzpatrick states that in the seven years from the close of the year 1905 to and including most of 1912, a total of 93,099 immigrants entered the seaports ofthe United States with Missouri as their intended destination. These figures do not include the aliens who come into the country with some other state as their settling point, changed their minds in a few days, weeks, or months and flocked to the "Show Me State" or emigrants from other states, numbering thousands, of which army, there is no numerical or official record.

Divided by years the alien influx of which there is a record is as follows: 1906, 17,550; 1907, 19,320; 1908, 12,107; 1909, 9,495; 1910, 12,746; 1911, 12,029; 1912, 9,882, men women and children, with the Iberic and Salvonic races outnumbering the Tuetonic and Celtic.

While a goodly portion of the 1912 immigrants settled in St. Louis and Kansas City, St. Joseph, Springfield, Joplin, Jefferson City, Carthage, Sedalia, other cities and towns drew some.

It is the occupations of the 9,852 immigrants of 1912 with Missouri as their destination which throws the most light on how useful they will prove toward developing this state. Farmers numbered 79 and farm hands 1,892. Laborers led all vocations with 2,065 arrivals. The trades, a feature organized labor is desply interested in, were represented by 1,186.

Tailors led the skilled workers with 203 and carpenters and joiners came second with 107.

DECORATION DAY AT HOPKINS.

It Will Be Fittingly Observed at That Town—Rev. Dueker to Give the Address.

Decoration Day will be fittingly observed in Hopkins on Friday. The old soldiers and citizens will meet at 9:30 a. m. and will march to the cemetery, where the ritualistic ceremonies of the G. A. R. will be observed and the graves decorated by comrades in a body. In the afternoon, the exercises will take place at the M. E. church and Rev. H. J. Dueker, pastor of the M. E. church of Pickering will give the address. Lincoln's address at Gettysburg will be given by Miss Bertha Cross and a recitation, "News of the Day," by Miss Goldie Ulumer.

SAW LONDON MOB

MISS AMY SHAFF WITNESSED A SUFFRAGETTE DEMONSTRATION.

DRIVEN LIKE CATTLE

Paris Fashions Do Not Attract the Young Missouri School Ma'am—We Have Better Taste.

Miss Amy Shaff, a former Maryville girl, who is a member of the faculty of the public schools at Hannibal, Mo., sailed Wednesday from Liverpool for America, after a six months' European tour with a party of Hannibal friends. She is a nice of G. B. and O. L. Holmes of this city. Miss Shaff is hastening home to take up work as a teacher in the summer school of the State Normal at Warrensburg. In her last letter to her aunt, Mrs. W. A. Burris of near Graham, she says:

Morley's Hotel, Trafalgar Square, London, Eng., May 5, 1913.

Dear Aunt Anna: Am in love with London. There are so many places of interest here it would take a lifetime to see them all. Our hotel is just a few blocks from Westminster Abbey and the Houses of Parliment. We have been through both, visited London Tower and walked over the bridge. I hope we will be able to go to Stratford-on-Avon, as a Shakespeare festival is in progress there. From here we go to Scotland and Ireland, then home.

* * *

I must not neglect to tell you that we witnessed a suffragette mob yesterday. The suffragettes were trying to speak in the square in front of our hotel and the police ordered them away. They would not go, so they made them go. Mounted police rode into the crowd and drove them out just like so many cattle. Several arrests were made. The crowd was estimated at about 40,000. I know I never saw anything equal to it in my life. Feeling runs high here over the suffragette movement.

* * *

Another interesting sight was seeing the the king and queen review the troops. This is court week, Wednesday night being the time for presentations.

We spent three weeks in Paris. I was greatly disappointed in the city, because it is pretty only in spots. One thing I did enjoy there was the Louvre. I saw every picture there, I believe.

* * *

As for Paris fashions! It disgusts me to think our women will come over here for their styles. If they would take a few French ideas and combine them with our good taste all would be well. But instead, they pattern the extreme styles worn by the class of women our French sisters scorn, and we do too, for that matter. I did not see a refined French woman overdressed.

RANDOLPH TO GIVE ADDRESS.

Attending State Normal.

Miss Jeanie Murray of Bethany arrived in Maryville Tuesday to attend the summer term of the Normal, and will make her home with Mr. and Mrs. N. S. DeMotte. Miss Murray is not a stranger in Maryville, having been a visitor at the DeMotte home the past two summers.

To Join Show Company.

Mr. and Mrs. Geo. W. Austin of Hopkins left fast Sunday night for some point in Michigan to join the Stowe Uncle Tom's Cabin show, a company that Mr. Austin was formerly interested in, having sold his interest a couple of years ago when he decided to quit the road, but try as he would, he could not shake off the fascination of the show business, and decided the only remedy was to again identify himself with it. He will now lead the band and do the advertising stunt for the company.—Hopkins Journal

Met With Mrs. Wilderman.

The Women's Missionary society of the Buchanan Street Methodist church met Tuesday afternoon at the home of Mrs. T. L. Wilderman, when an excellent program was presented. There was a large attendance and everyone enjoyed every part of the afternoon. The devotion service was led by Miss Eva Ashford. The regular business of the society was then transacted and a literary program given under the leadership of Mrs. J. J. Pyle. The subject was "Koreans and Japan." A paper on that subject was given by Mrs. Wilderman. The reading of the missionary bulletin with notes on the missionary counsel was given by Mrs. N. F. Humber. The missionaries accepted at Birmingham were announced by Mrs. Del Thompson. A piano solo was given by Mrs. Wilderman. "Missions at Home" was the subject of a paper by Mrs. E. J. Thornton. An interesting report was given by the society's president, Mrs. E. B. Sheldon, concerning the meeting of the Missouri missionary conference, which was held at Richmond, Mo., last week. The society sent Mrs. Sheldon to the conference as a delegate and she was honored by being chosen third vice-president of the state missionary conference. The conference closed one of the most successful years in its history. Next year's meeting will be held at Albany. After the program, a social hour was enjoyed during which the hostess served refreshments and was assisted by her mother, Mrs. J. N. Bryan.

Thomas and Charles Groves and G. F. DeBord of Maitland were among the Maryville business visitors Wednesday.

The Champion Improved Binder

The Champion Improved Binder is the product of more than 60 years of agricultural and mechanical experience. It combines all those features of efficiency, simplicity, strength and durability so desirable in a harvesting machine. Thousands of progressive farmers will use none but a Champion.

Champion Improved Wide Cut Binder

The Champion Improved wide cut binder is similar in most respects to the regular Champion Improved binder, except that it cuts an 8-foot swath instead of a 5, 6, or 7-foot swath. This makes the wide cut binder especially desirable where a large acerage of grain is to be harvested. It requires no more help to operate this binder than it does a smaller one, and consequently its use will effect a considerable saving of time and labor.

The Champion tongue truck is a part of the regular equipment of this binder. This truck relieves the horses of side draft and adds to the convenience with which the driver can handle the binder.

The elevator on this binder is operated faster than that on a binder of ordinary size, and therefore it will easily handle the large quantities of grain cut.

Don't Fail to See the Auto Tongue Truck

When the tongue truck is used, side draft is eliminated. This is especially true in the case of the wide cut binder. The Champion tongue truck is so made that the wheels turn at a greater angle than the tongue. This permits the binder to be swung in when corners are turned and the platform kept square to the grain so that a full swath can be cut from the start. The tongue truck is part of the regular equipment of the eight-foot binder, but is furnished with the smaller binders on special order at a slight additional cost.

The Transport Trucks

The transport trucks for the Champion consist of two steel wheels provided with stub axles. The stub axles fit into brackets on the main frame which hold them securely in place. The fact that stub axles are used makes it an easy matter for one man to mount the binder on the transport trucks.

Champion Improved Vertical Lift Mower

The Champion Improved vertical lift mower has all the valuable features found in the regular lift Champion mower and the additional advantage of the vertical lift feature. The driver without stopping the team or leaving his seat, can raise the cutter bar of this mower to a perfectly vertical position by means of hand and foot levers. This is a great advantage when the mower is being used in fields where there are trees, stumps, or stones, or where the cutter bar must be repeatedly raised.

Champion Improved Mower---Regular Lift

The Champion Improved mower is famous because of its capacity to cut any kind of hay under good or bad conditions. Ample power, durability, and light draft insure good service under all kinds of working conditions. Some of the strong features of this machine are—

Simple, smooth-running operating mechanism.
Draft link parallel to the tongue.
Pitman connections which are self-adjusting and correctly lubricated.
Substantial coupling yoke with extra large case-hardened pin
Flexible drag bar connections.
Case-hardened steel liberally used at all points where wear is most severe, insuring a long lived machine.

MUST GIVE UP CENTRAL PACIFIC

Attorney General Decides it Must Be Divorced From Southern,

GOVERNMENT WILL FILE SUIT.

Attorney General Will File Bill Under Sherman Act If Railroad Magnates Fail to Come to Agreement—To Be Made Separate Affair.

Washington, May 29.—Attorney General McReynolds has decided to contend that the Southern Pacific must give up the Central Pacific in the pending dissolution of the Union Pacific merger and will bring a suit under the Sherman law to accomplish that end if the dissolution plans fail to include it.

It became definitely known that the attorney general had finally decided that the Central Pacific must be divorced from the Southern. The disposition of the Central Pacific is understood to be the cause of the hitch in the efforts of the Union Pacific and Southern Pacific to reach an agreement.

The plan which the Union Pacific will shortly present to the attorney general contemplates, it is believed here, only the disposition of $126,000,000 of Southern Pacific stock sold by the Union Pacific and will leave the question of the status of the Central Pacific to separate litigation to be begun by the government. The supreme court ordered the sale of the Union Pacific holdings of Southern Pacific and left open to negotiation or future litigation the disposition of the Central Pacific.

MRS. LARAMORE TELLS TROUBLES

Lady in Goodwater Describes Her Distressing Experience and Tells How She Was Finally Relieved.

Goodwater, Mo.—"Ever since I was a little girl," says Mrs. Riley Laramore, "I was a great sufferer from dyspepsia.

I suffered misery after eating, and had terrible heartburn.

I thought I had to suffer this way as long as I lived, but when I began to take Thedford's Black-Draught, in small doses, every night, the heartburn was all gone in a few days, and I could eat without distress.

I took two small packages in all, and although that was some time ago, the dyspepsia has not returned.

I speak a good word for Thedford's Black-Draught whenever I have the opportunity."

If eating causes distress, we urge you to try Thedford's Black-Draught. It cleanses the system, helps the stomach to digest its food, regulates the bowels, and stimulates the liver.

It acts gently and is without bad aftereffects. Try it. Price 25c.

SIGNING OF TREATY IS BELIEVED NEAR

Greece and Servia Will Probably Agree to Draft.

London, May 29.—It generally is believed that the Servian and Greek delegates will sign the draft of the peace treaty under compulsion. The only hopeful development in the quarrel between the allies is an arrangement whereby the Servian and Bulgarian premiers will meet Saturday on the frontier to confer over the situation.

Speaking before the skupshtina, the Servian premier explained that Servia desired a modification of the treaty with Bulgaria regarding the division of territory because the results of the war, combined with the actions of the powers, created a situation not foreseen when the treaty was signed.

An Athens dispatch says that instructions have been sent to the Greek delegates to sign the peace draft without alteration, but embodying a separate protocol respecting the right reserved by Greece to discuss with the powers the points raised.

The Servian council of state is considering the ultimatum as laid down by Sir Edward Grey, the British secretary for foreign affairs, and probably will follow the lead of Greece. Peace may be signed by noon tomorrow.

SAY ROOSEVELT'S HABITS ARE GOOD

Array of Witnesses Testify They Never Saw Him Drunk.

CORRESPONDENTS ON STAND.

Men Associated With Colonel in Private and Public Life Declare Him Temperate—Court Rules Roosevelt's General Reputation Is Issue in Case

Marquette, Mich., May 29.—Men who have been associated with Colonel Roosevelt in public and in private life who met him on the Nile, when he returned from his African hunting trip and newspaper men who accompanied him on his various hunting trips, testified in his libel suit against George H Newett that the former president was not a drunkard, but he was notably and extremely temperate in the use of intoxicants.

It would have been impossible, they say, for Colonel Roosevelt to be under the influence of liquor without the fact becoming known to his associates. It would have been equally impossible for him to have drunk liquor with any regularity without the smell of it appearing on his breath to the friends who testified.

Throughout the hearing of the case in which the former president is suing for $10,000 damages because of the publication last October of an editorial in Iron Ore, a weekly paper published by Newett, charging him with getting drunk, Colonel Roosevelt listened with evident satisfaction to the testimony of former members of his cabinet and newspaper men. His face frequently lit up with a smile when incidents were related on the stand. Colonel Roosevelt gave vent to an audible chuckle when Robert Bacon, former secretary of state, in telling of his acquaintance of the Roosevelt family, said the colonel was the father of five children instead of six.

Causes Laughter in Court Room.

Colonel Roosevelt's sense of humor was awakened at once by this lapse of Mr. Bacon's memory and the hearty chuckle which he vainly tried to smother in his hand caused a ripple of laughter about the court room.

For almost six hours of testimony taking or argument, Colonel Roosevelt retained his seat just back of his counsel. He sat some times tilted back agninst the railing, twitching his watch chain and occasionally casting the glint of his thick eye-glasses toward the balconies crowded with women and sometimes leaning forward to whisper with his attorneys.

The proceedings were marked by an important ruling by Judge Flannigan, which in the introduction of evidence by the defense, will have the effect of excluding certain kinds of hearsay testimony. This ruling came after a prolonged argument, during which the jurors were excluded from the room and after attorneys for Colonel Roosevelt had urged for the exclusion of a certain kind of testimony which might be introduced by the defense through depositions taken from persons in different parts of the country.

The effect of the ruling is that Colonel Roosevelt's general reputation is an issue in the case and testimony upon his reputation may be introduced, and that rumors or reports about his reputation coming from persons not qualified by experience to judge shall not be admitted. In the future progress of the hearing, it was explained in court, a person who traveled extensively with the former president or who has been associated with him with any degree of constancy may testify as to his reputation. But a man who heard the colonel deliver a political speech, or saw him for only a few moments in a crowd may not testify as to his general reputation, but he may tell how the colonel acted at the time.

Answers in Negative.

Almost every phase of Colonel Roosevelt's life was touched upon by witnesses. All of them spoke with emphasis when they expressed personal knowledge in denying, as the editorial charges, that the colonel "gets drunk and that not infrequently, and all his intimate friends know it."

It was asserted that whenever Colonel Roosevelt drank champagne or wine or mint juleps, it was out of courtesy to his host at some public function; that he often took only a mouthful from a wine glass, and that on one occasion he ordered a railroad company not to place in his special car the supply of liquors usually placed in such cars.

The witnesses were Mr. Bacon, Truman H. Newberry, formerly secretary of the navy; John Callan O'Loughlin, a Washington newspaper correspondent; Lucius F. Curtis, a New York newspaper man, and Gilson Gardner, a newspaper man.

Repeatedly and in various phrases the same question was put to each witness: "Have you ever known Mr. Roosevelt to be under the influence of liquor?" or "Have you ever smelt liquor on Mr. Roosevelt's breath?" The answer was invariably in the negative.
